Grading and Evaluation Criteria

There will be two exams (one midterm and one final), each worth 40 percent of your grade. The final will not be explicitly cumulative.

There would be 4-5 homeworks, usually due on one week after the assignment date. The homeworks will be graded on a "check-/check/check+" basis, which roughly corresponds to 60/80/100 points. Homework assignments will count for 20 percent of your grade. Homework may be done in groups, but each student must submit their own answers.
