Instructor: Richard Kumi
Phone: 901.678.4511
E-mail: rkumi@memphis.edu
Office: FCBE 340

Class Meeting Times:
Meeting dates: August 24th to December 10th
Meeting times: Online Class

Office Hours: Tuesday and Thursday: 2.30PM to 4.30PM, and by Appointment

Course Overview

Software plays an important role in almost every organization. Understanding the process of developing software is equally important. This course introduces fundamentals of software development using languages and techniques widely employed in a business environment. In this semester we will use Java programming language and an integrated development environment to explore the fundamentals of software development in a business environment. This course provides students with a basic understanding of the essential principles of Java programming.

Pre-Requisites/Co-Requisites:

PREREQUISITE: MIS 2749

Course Objectives:

The purpose of this course is to provide students with a basic understanding of the essential principles of Java programming language and, more generally, an understanding of object-oriented programming. The course will cover object-oriented software design using Java. The following topics will be covered in this course.
Course Topics

- Programming in Java
- Methods and Variables
- Inputs and outputs
- Object-oriented thinking
- Selection and Decisions
- Objects and classes
- Arrays
- Event-driven programming
- Java GUI

Course materials are available online on eCourseWare at elearn.memphis.edu. They include lecture slides, assignments, exercises, grades and related links. Course materials are organized into modules based on weekly topics.

There are numerous integrated development environments for Java Programming (including the Notepad editor) within which applications can be developed. There are also numerous different compilers that can be used to compile and debug your programs once they have been coded. The two popular integrated development environments (IDE) for Java programmers are NetBeans and Eclipse. Both of these IDEs are available for free. In this course, the primary IDE is NetBeans.

If you have technical problems notify the instructor and contact technical support immediately. For technical support, use the online helpdesk ticket systems at http://helpdesk.memphis.edu OR call 901-678-8888.

Fogelman College: Learning Outcomes for Your Degree

This course is designed to help you meet the overall learning objectives for the BBA degree offered by the Fogelman College. Please review the learning objectives of the BBA program at

http://www.fcbeassessment.net/LearningOutcomes/BBADegreeLearningOutcomes.pdf

Course Methodology

1. Lectures/Class Discussions/Class Assignments
2. Exams
3. Case Study, quizzes, and assignments

Professor's Expectations:

The course will be conducted online. Students are responsible for all materials covered in class and assigned text chapters. Students are also responsible for any announcements made in class. All announcements will be posted in e-course. Specific due dates will be stated for all deliverables in e-course. Failure to complete items before the due date will result in reduced credit. All assignments should be submitted through e-course, no exceptions. At no point will the instructor accept email attachments or any other means of submitting any of the deliverables for this course.
Student’s Expectations:
Fogelman students have endorsed the Fogelman Code of Professionalism for Students. Please review the code to understand the expectations for students in this class and the Fogelman College of Business and Economics. The code can be found at http://www.memphis.edu/fcbe/students/code_of_professionalism.php

Grading and Evaluation Criteria

1. **Exam:** There will be two exams, each worth 20 percent of your final grade. THERE ARE NO MAKEUPS FOR MISSED EXAM UNLESS YOU ARE ON OFFICIAL UNIVERSITY OF MEMPHIS BUSINESS.
2. **Individual Project:** One individual project. It is worth 10 percent of your final grade
3. **Homework:** There will be 10 homework. The best 8 out of the 10 will be worth 25%.
4. **Team Project:** Each team will create a final project. The final project is worth 20% of your final grade

<table>
<thead>
<tr>
<th>Component</th>
<th>Percent of final grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>Homework 10 (best 8)</td>
<td>25%</td>
</tr>
<tr>
<td>Individual Project</td>
<td>10%</td>
</tr>
<tr>
<td>Group Project</td>
<td>20%</td>
</tr>
<tr>
<td>Exam 1</td>

**Schedule of Activities**

Please refer to the list of weekly learning activities in the schedule

**Final Exam Schedule**

The final exam for this class will be scheduled according to the Registrar’s academic calendar website.
Course Policies

E-MAIL:

All students are required to maintain and access their University of Memphis (@memphis.edu) email account. You will receive all official course correspondence at this email account. It is your responsibility to check your inbox frequently and read all email messages from the course instructor.

All homework assignments are individual assignments and each person is expected to create their own files and do their own work. Collaboration on homework assignments is cheating. If you turn in another student’s work as your own, you will receive a 0 on that assignment.

You are expected to turn in your assignments on time. The due dates for assignments are provided on the weekly schedule as well as in ecourse. Points will be deducted for each day that an assignment is late. (Refer to the Student Handbook, sections Academic and Misconduct and Classroom Misconduct for information)

Attendance:

Attendance policies are not applicable to online classes, but as an instructor I expect all students to participate and engage in class activities. Participation and engagement will be assessed by level and quality of participation on discussion forums, email communication, quality of assignment and team projects.

Academic Integrity:

The University of Memphis has published rules and responsibilities regarding academic conduct. In addition, the Fogelman College of Business and Economics policies on academic integrity is located at http://www.memphis.edu/fcbe/integrity. You are expected to follow these rules and guidelines.

Student Services

Please access the FCBE Student Services page for information about:

- Students with Disabilities
- Tutoring and other Academic Assistance
